

RESIDENT ROOM CHARGES FOR KKRV 2023 TO 2024

from 1 July 2023

Care Facility residents are entitled to apply for residential care subsidy through Work & Income. This is means tested and the amount you receive will be determined by your personal circumstances.

In the tables below you will see the full daily and weekly charges in the two blue columns. The yellow columns show the amount you would personally need to contribute if you were to receive the maximum entitlement from Work & Income, whilst the green columns on the right show the maximum amount you would personally contribute if you receive no entitlement from Work & Income.

These figures are a guideline, and we can give you an exact figure once you have been assessed by Work & Income.

Please note: All prices shown include GST.

Important to Note: The figures in the yellow and grey columns factor in the portion of your NZ Superannuation paid directly to KKRV.
